has worked indefatigably since early summer in this worthy undertaking, and now, as the result of that labor, the association finds success assured. Gifts of every variety and of the most costly character have been sent to adorn the tables and increase the revenue, and the ladies feel confident that the public purse will be opened just as freely, and that the fair will be the most successful in the history of the Masonic brotherhood in this city. The ladies have received much help in their work from Grand Master Frank R. Lawrence and Grand Secretary E. M. L. Ehlers.

Lawrence formally announces the opening of the fair, as charming a picture will be witnessed by the fortunate ones present, as dainty fingers and feminine taste and fancy can devise.

Already the sound of the hammer has ceased. Bunting of every color, draped in graceful folds, covers the rude, homely work of the mechanic. Pyramids in red, white and blue greet one at the entrance where they seem like sentinels guarding from the curious, even glimpses of the beauties within. Banners, flags and streamers, hang prettily about the walls or, pendent from the ceiling, float lazily in mid-air. Palms and ferns in massive groups, give acceptable color to the pretty articles upon the tables, and potted plants, in brightest blossoms, diffuse their fragrance throughout the hall.

At the platform, where the Bible rest now stands deserted, and at the organ, whose keys are yellow and dusty from disuse, the work of transformation is progressing with like rapidity. Tiny booths, barely tall or broad enough to hold their fair occupants, are clustered about, and when George W. Morgan strikes the organ keys for the opening solo the music will have to force its way through labyrinths of gauze adornments and wind in and out among the myriads of gifts, alike useful, ornamental and costly.

December 10, there will be a grand operatic concert. It is hoped that Mile. Teresina Tua, the violin soloist, will be able to be present during fair time, and Miss Laura Sedgwick Collins will furnish original and novel recitations on Tuesday night, December 6.

Several thousand season tickets have already been sold. Each of these tickets bears a coupon and a number. To the holder of a number to be later designated will be given a quilt valued at \$5,000, the gift of the Chinese Embassy at the last Masonic fair, and which was not then disposed. The directors of the Garfield National Bank have given the fair a Chickering grand piano, which will be disposed of by chance. Hardman, Peck & Co. likewise contributed a piano and Mrs. E. H. Harper donates a mosaic quilt that took five years to make. Six jewels will be given to the most popular brothers in this city or Brooklyn to be declared by ballot, and Mrs. F. A. Burnham, wife of the Commissioner of of Appeals, has donated articles valued at \$2,000. During fair time the entire Masonic Temple will be thrown open to the public and an entire opportunity offered to inspect the magnificent lodge rooms, which are without equal in this country, and as well to study the different orders of architecture in their construction.

THE NEW CATHEDRAL.

Dr. Nevin to Return Next May to Look After Its Interests.

The return of Dr. Nevin to his church of St. Paul, in Rome, a week ago last Wednesday, has left a vacancy in the Board of the new Cathedral. A WORLD reporter called on Bishop Potter at the Granada, and asked if Dr. Nevin's position had been supplied.

"No," said the Bishop, "Dr. Nevin's work in Rome is such that he can probably leave it next May, and return here to look after the interests of the Cathedral again. I have not had time to look over the notes which the Doctor left with me, but everything is going on satisfactorily. Exactly how much the contributions amount to up to the present I

contributions amount to up to the present I cannot tell you."

"Have you settled on any definite plan for the Cathedral?"

"No. I hope soon to call together the Committee on Building, and then something more definite will be done. Plans for the Cathedral will be solicited from architects in competition. The one which gives the most satisfaction will be chosen. Of course some American architect is what is wanted for an American cathedral.

"The chief difficulty is to combine the requirements of ecclesiastical architecture with our native environment—to get what will suit our sky and climate, and will be dignified and beautiful. Prof. Ware, of Columbia, has kindly consented to lend the Building Committee any assistance he may. He is thoroughly familiar with the characteristics of the different styles of architecture.

teristics of the different styles of architecture.

"No further large donation has been received since Mr. Astor's."

The work of planning an American cathedral ought to act as an inspiration to an architect, it is a big conception, but few conditions could be more favorable to working out a magnificent plan. The site is well known. Morningside Park affords a broad, open space, so that buildings will not encroach on the Cathedral from the east. The grounds are sufficiently ample to allow the structure to be so placed that another open space may be secured it towards One Hundred and Tenth street.

This is an advantage, but it will demand additional consideration from the architect in working out a plan. The whole building will be in view, and at a distance which permits its proportions to be duly felt throughout the entire pile. Hence the need of arranging the masses of the structure effectively.

recently submitted and advertised by the Purchasing Committee. They aver that the first overdue coupons are not paid, but are cashed by the Central Trust Company, and are held as collateral to secure the necessary advances; that about 33, 500, 600 of the bonds do not become due until Aug. 1, 1890, and that by accepting the plan the holders will lose the difference between 5 and 7 per cent. for two years and nine months, as the receiver pays 5 per cent. on overdue interest, and that the bonds are not put on a par with those of the Chicago and Detroit divisions of the road, generally supposed to be of inferior value.

No Charge by the "Owl" in the Daytime. Central Hotel, and who last evening was arrested for threatening to shoot Frank P. Gillespie, the proprietor of a saloon known as the "Owl," near the hotel, was arraigned in the Jefferson Market Court to-day. The quarrel had apparently been settled, for the complainant did not appear. On the complaint of policeman Tully, who made a charge of disorderly conduct in West Third street, Dixon was fined \$5 by Justice Duffy.

MONEY TIGHT ON 'CHANGE.

CAMMACK AND HIS FOLLOWING TRYING TO DEPRESS STOCKS.

Loss in Bank Reserves Loss Than Expected -The Opposition to Sully Increasing Lake Shore's Report-Weakness of K. T. Bonds - Sales of New England, Union

The flurry in money just previous to the close yesterday, when, as reported exclusively by THE WORLD, the rate advanced to 10 per cent., gave the bears on stocks the advantage this morning. Although the rate of interes this morning has not gone above 6 per per cent, the shorts were talking a good deal about prospective tight money and they jumped on the market with all fours at the opening. For the moment, large railway earnings, &c., &c., were forgotten and prices were rattled down 1/4 to 11/4 per cent, from the closing prices of last evening. Cammack and his following and the sold-out bulls all took a hand in the selling and paid particular attention to New England, Union Pacific, the Grangers, Jersey Central, Oregon Trans. and Lackswapna.

The large loss sustained by the banks during the week, through Sub-Treasury operations and the currency movement-estimated at over \$3,000,000-led the street to look for a bad bank return, and this, of course, operated

bad bank return, and this, of course, operated in favor of lower prices.

The contest over the approaching election grows hotter as the contending forces put forth extra exertions to gain recruits to their respective sides. The stock has already lent flat, although the books for the election will not close until Dec. 2. The opposition to Sully appears to be increasing, and large stockholders are combining upon Mr. Flower, who, it is thought, would be able to harmonize conflicting interests and induce well-known people to take places in the Board.

Board.

The report of the Lake Shore road to the State Railroad Commission for the September quarter shows net earnings of \$2.274,899, a gain of \$425,821; charges, \$1,048,446, a decrease of \$35,085; net increase, \$1,239,989, a gain of \$454,200; cash on hand, \$1,489,545, and profit and loss surplus, \$9,444,690.

The net earnings of the Reading for October were \$1,342,034, bringing the total net for the eleven months of the fiscal year up to \$11,157,720.

WEARNIESS OF K. T. BONDS.

There was a pressure to sell K. T. generals this morning, the 6s selling down 1½ to 79, and 5s 1½ to 89½. The semi-annual interest on these bonds falls due Dec. 1, and notwithstanding assurance that it will be promptly met holders seem to be getting out. Other railway mortgages were steady to firm this morning. West Shore 4s sold up to 101, Ohio River 1sts to 9s, 8t. Paul, C. & R. W. 5s to 108½, Manitoba consols to 117, Norfolk & Western generals to 111, and Evansville & Terre Haute consols to 117½. Erie 2ds fell off to 100½, Grand Island 1sts to 98, Wabash Chicago Div. to 102 and do. Detroit Div. to 107.

In State bonds Alabama Class A sold at WEAKNESS OF K. T. BONDS

In State bonds Alabama Class A sold at 111, North Carolina 4s at 94% and do. special tax at 12.

Governments are steady at 107% a 108 for reg. 4% s 108% a 109 for coupon do. and at 126% a 126% for 4s.

POREIGN MARKETS. Union Pacific continues strong at London, and to-day advanced to 59½. The other leading American railway securities were irregular on slight changes, except Central Pacific, which declined a point to 3½. United States 4s sold at 129½ a 130, and do. 4½s at 110½ a 110½. Consols were a shade better at 103 7-16 for both. Bar silver fell off to 43 13-16d. In Paris the 8 per cent. rentes moved up to 81f. 75c.

THE BANK STATEMENT PAVORABLE. THE BANK STATEMENT PAVORABLE.

There was an upward turn in stocks shortly before noon on the publication of the bank figures, which were more favorable than anticipated. The loss in surplus reserve was only \$823,600, notwithstanding an expansion of \$1,109,200 in loans. Specie decreased \$1,704,700 and deposits \$2,082,800, while legal tenders increased \$960,400 and circulation \$1,900. The banks now hold \$6,664,400 in excess of the 25 per cent, legal requirements.

GIGANTIC ELECTRIC LIGHT DEAL. The Westinghouse Company Ratifies the Recent Bargain with the Consolidated.

ISPECIAL TO THE WORLD. 1 PITTSBURG, Nov. 26 .- The stockholders of the Westinghouse Electric Company, at an important meeting held yesterday evening ratified the recent deal with the Consolidated Electric Light Company, of New York.

This is one of the most important electrical contracts consummated in this country, and, it is claimed, gives the Consolidated Company a virtual monopoly of incandescent lighting. The works, including the addition now under construction, will provide a producing capacity of from \$300,000 to \$400,000 per month.

Asking for Lower Rental. Conferences have been held by the representatives of the telegraph and cable companies and the Committee of Arrangements of the New York Stock Exchange looking to a reduction of the rates and and tolls charged by the Exchange. Nothing definite has been agreed to yet, it was said at the exchange to-day, but at the meeting to be held Monday afternoon it is expected that an acceptable arrangement will be made. It is understood that the Exchange has virtualty agreed to make concessions, although it has declined to go as far in the reductions as the companies requested.

Detained by a Broken Shafi. The steamship De Ruyter is still at Quarantine. When she was about to leave last evening the propeller refused to work and it was found that her shaft had been broken. The officers attribute the break to the heavy strain placed upon the shaft during the voyage by the very boisterons weather encountered. It worked all right during the passage. The De Ruyter will be towed to the Erie Basin some time to-day for repairs.

SWOONED AS HE HEARD THE VERDICT.

Rain of a Pennsylvania Preacher-Guilty of IMPECIAL TO THE WORLD.

PITTEBURG, Nov. 26 .- A pathetic incident obcurred in Common Pleas Court No. 2 yesterday afternoon. The defendant was Rev. James T. Robinson, a local preacher in Sharpsburg, one of Pittsburg's suburbs. He is over seventy years of age. He was at one time in good circumstances, being worth about \$100,000. When the ill-fated Farmers' and Mechanics' Bank, of Sharpsburg, was organized Mr. Robinson invested in it considerable money. The bank, after a brief career, became unable to meet its obligations and closed its doors with a deficit of over \$100,000, for which the stockholders were reonsible. This failure was a heavy blow to r. Robinson, whose complete financial ruin

llowed.

Mr. Robinson at this time owned a lot in Sharpsburg, which was of small value, and his wife proposed to him that he should con-vey this property to her and in addition to that give her \$200 in cash. In return for this that give her \$200 in cash. In return for this she assigned to him a legacy of \$500, which would become her's upon the death of her mother. Mrs. Robinson mortgaged the lot and built upon it and afterwards sold it. By making several investments in real estate, Mrs. Robinson finally became possessed of the property in dispute, a house and lot on Main street, Sharpsburg, valued at between \$5,000 and \$6,000.

The point at issue in this case, of which this is the second trial, was whether or not Mr. Robinson and his wife had acted in collusion to transfer the lot and \$200, with the

Mr. Robinson and his wife had acted in collusion to transfer the lot and \$200, with the intention of defrauding the creditors of the former. Yesterday the jury decided that it was a collusion to defraud, and that the \$5,000 house and lot was liable for Mr. Robinson's old debts. When the verdict was read Mr. Robinson fell off his chair in a swoon. He was carried out of court and restoratives were applied. When he recovered consciousness he became violently ill for some time. He said to his faithful wife, who was attending to him in the corridor: "This verdict leaves us nothing. It not only takes away our character for truthfulness and makes us out liars. It shows that twelve men did not believe what you and I swore to on the witness stand—that the transfer was made without thought of wrong." out thought of wrong."

DIPHTHERIA KILLING OFF CHILDREN.

Injudicious Economy in Amsterdam Make [SPECIAL TO THE WORLD, |

AMSTERDAM, N. Y., Nov. 26,-Almost ar epidemic of diphtheria is raging in this city. Deaths are very frequent, especially among the children. During the warm months the city authorities maintained a public garbagewagon, and the refuse of the city was removed before any evil results could follow. At the first sign of cold weather the garbage wagon was taken off. This occasioned a howl of disapproval, and householders at once began reporting contagious diseases. The spread of dipththeria was noticed immediately. The Board of Health, at its meeting early this month, could do nothing, owing to the laggard attendance of the members of that body. Another meeting was called. The first public announcement of the alarming spread of dipththeria followed. Household and physicians were condemned for not giving prompt notice to the Board of Health of the location of the disease. The sanitary regulations of the city of Amsterdam were printed and circulated, and the work of guarding against the spread of the disease began. Householders were notified that any one neglecting to report to the Board of Health any case of contagious disease would be prosecuted according to law. of disapproval, and householders at once

The Board of Health have petitioned the Common Council to assist in the work. A joint meeting will be held this week to take action on the matter, Several pestilence-breeding places are maintained in different portions of the city.

CARS SCARCE IN THE COKE REGION.

Workmen Unable to Make Living Expenses Strikes Probable.

PITTSBUBO, Nov. 26 .- The greatest trouble in the coke region now results from the scarcity of cars. At many of the plants the workmen complain of being unable to make wages, being only able to get in a few days each month. During the last month at each month. During the last month at Leisenrings only thirteen days were made, owing to the car panic. united front and speak as the members of one organization.

A telegram from Scottdale says the committee appointed at the meeting of the Executive Boards of the labor organizations on Wednesday, will go on Monday to the United Coke Works and imperatively demand the reinstatement of the thirty-five men recently discharged. Should the demand be refused, the cokers at the Alice mines and Jimtown will be ordered out immediately to sustain the men who, it is claimed are unjustly dealt with.

Daly refused to talk about his injuries, either because he could not remember, or because he desired to shield a friend. He was taken to the Roosevelt Hospital, where

his injuries were dressed.

The neighborhood in which the wounded man was found is a dangerous one, inasmuch as it is infested with gangs.

WARFARE OF THE WAITERS. A Conference With Park Proprietors to Get

A conference is in progress this afternoon at 206 Fifth street between committees of the Park and Garden Proprietors' Association and the Waiters' Unions, relative to the set-Between City Hall; or Bridge entrance and Chatham Squere Elevated Station, tlement of the strike at Terrace Garden.

The waiters of Union No. 1 and the

Urania Labor Club complain that Michael

Heuman, proprietor of Terrace Garden, refused to recognize the unions or to confer with a committee from the Executive Boardsent to him to adjust matters amicably.

Twenty union waiters, two oystermen, three cooks, two bartenders and two lunchmen were employed in the garden, and in May last the committee of their organizations made a verbal contract with Mr. Heuman whereby he was to pay union wages and employ union help. Some trouble arising, a committee was sent to Mr. Heuman, but he declined to treat with it and a strike ensued, fourteen out of the twenty-seven men leaving his employ. A boycott was also decreed against the Terrace Garden.

The union men assert than the Proprietors' Association is blacklisting them and otherwise endeavoring to break up their organizations. President Sulzer, of the Proprietors' Association, is also said to be strongly opposed to the waiters' unions. Gen. Ferrers, of Tammany Hall, is also another object of attack. Heuman, proprietor of Terrace Garden, re

attack.

The whole matter is to be laid before the Central Labor Union to-morrow afternoon, and an investigating committee asked for.

WHAT CAUSED THE DROP IN PRICES.

The Interesting Little Game of Strategy Between Two Prominent Brokers. According to Wall street gossip to-day, ar

interesting game had been going on which caused the little flurry in the stock market yesterday. It is claimed by the bears that the White-Pearsall party sold out their the White-Pearsall party sold out their holdings to a large extent recently and bought them back again. When Connor tried to get back his stock, and raided the market with that view, the wily Deacon White and the Standard Oil people stepped in and loaded up. Mr. Connor, so the story goes, found these people still buying yesterday, and soon the brokers bid money up to 9 per cent. Then the traders, who had been following White, sold out in such a hurry that the drop in prices at the close was the direct result.

Ex-Senator Vale Accused of Fraud. [SPECIAL TO THE WORLD.]

NEW HAVEN, Nov. 2d. —Simpson, Hall, Miller & Co., the sliver plating firm of Wallingford, made an answer to-day in the suit of Ex-Senator Charles
D. Yale, their New York agent, for \$12,000 which
he claims he advanced the firm. The answer sats
forth that Mr. Yale and his sons opened a jewelry
store in New York, allowed the business of Simpson, Hall, Miller & Co. to fall off, and instead of
making \$35,000 for the house, as the books show,
ran behind to the extent of \$60,000, covering this
np by false returns.

Brooklyn News at a Glance.

John McGree, who lives at 907 Wyckoff street, Brooklyn, was arrested hast evening on a warrant issued by Judge C. P. Dorland, of Poughkeepsie. The charge against him is that while acting as treasurer for a fire-onrise company in that village he appropriated funds intrusted to his care. He will probably be taken no Poughkeepsis to-day to stand trial.
